

Greenet

The Horizon Europe
network of National Contact Points
for **Climate**, **Energy** and **Mobility**

@ncp_greenet

greenet

The GREENET project has received funding from the European Union's Horizon Europe programme under grant agreement No 101069604

What is GREENET?

GREENET is the official network of National Contact Points (NCPs) covering the “Climate, Energy and Mobility” Cluster of Horizon Europe. The project has a twofold objective: enhance the skills of NCPs and simplify applicants’ access to Horizon Europe calls.

What does GREENET offer?

GREENET SUPPORTS CLUSTER 5 NCPS BY PROVIDING:

KNOWLEDGE

Capacity building activities, such as training and mentoring to improve their ability to support applicants.

TOOLS

Tailored tools and material to support NCPs' every-day activities.

EXCHANGE

The opportunity to meet and exchange with the broad European NCP community of Cluster 5.

GREENET ASSISTS CLUSTER 5 APPLICANTS THROUGH:

KNOWLEDGE

Training opportunities, workshops and info days to deepen their understanding of Cluster 5 funding opportunities.

TOOLS

Such as the online platform where applicants can access strategic documents, handbooks, infographics and guidelines to improve the quality of their proposal.

EXCHANGE

The opportunity to meet and exchange with the broad European NCP community of Cluster 5.

Who is GREENET addressing?

The network is open to:

- The broad European community of stakeholders from the Climate, Energy and Mobility fields;
- Experienced and less experienced Cluster 5 NCPs from all over Europe;
- Newcomers and participants from widening countries.
