

# Session 1 NMPB

# Circular Concepts for Flexible and Adequate Housing

Dr. Ing. Gerard van Bortel  
Delft University of Technology  
Faculty of Architecture  
Management in the Built Environment

# Topic and project idea

- Decarbonisation of the EU building stock: innovative approaches and affordable solutions changing the market for buildings renovation (*LC-SC3-EE-1*)
- Industrialisation of building envelope kits for the renovation market (*LC-EEB-04*)

**Wanted:** industry partners that can contribute to low-carbon, flexible, modular, mass-customizable, cyclable residential building systems

# Expertise

Delft University of Technology,  
Faculty of Architecture
