Specific instruction ‘EUREKA Project Form’ for GlobalStars

The EUREKA Project Form is divided in 4 major parts:

- General Information: Acronym, duration, cost, involved countries, etc.
- Project Outline: description, technology envisaged, markets.
- Main Participant: complete contact, address, involvement in the project.
- Other participant: all the other participants.

Describe the project and activities by answering the different questions in the EUREKA Project Form. In addition, make sure the following elements are also clearly described in the different parts of the form:

2.1 Description (approximately one A4 page)

- Aim of the project
  Give a short description of the specific aim and objectives of the project. Describe the concrete results expected at the end of your project.

- Partner cooperation
  Why do you want to make the project an international collaborative project? How does the proposed collaboration bring added value to both/all countries?

- Strategic relevance of the project
  Describe strategic relevance of the project and for partners involved.

2.2. Technological Development Envisaged

- State-of-art of R&D and the technology
  Description of current status of research and development in the subject at national and international level. Description of the technology.

- Technology Readiness Level(s) and technical challenges
  Describe the technology maturity of your project activities and technical challenges.

- Risk management strategy
  What are the (technological) risks and how do you manage and reduce these risks? If the proposed experimental design, method or technical approach does not work, what is the alternate strategy?

- Legal ethical regulatory demands
  Are there any legal or ethical demands linked to the project activities? If so, explain.

2.3 Market Application and Exploitation

- Value creation – growth and employment
  Describe the expected value creation from the project, and how it will be created over time.

- Implementation
  Explain how project results will be implemented e.g. how they will be brought to market or implemented into society.

- Project outcome beneficiaries/recipient
  Who will benefit directly or indirectly from the project outcomes?
