

Eagle Point Funding One Pager / Dec. 2018

Eagle Point Funding, a division of FreeMind Group, is a consulting firm assisting hi-tech entities to maximize their R&D funding through grants and contracts. Established in 1999, FreeMind is the largest consulting group of its kind with over 400 active clients and over \$1.5B won in non-dilutive funding.

Our expertise in applying for grants and contracts extends throughout every government agency in the U.S., including the DoD, DHS, DoE, NSF, DARPA, DoT, NASA, NIST, DoC and others.

Eagle Point's knowledgeable and experienced team of analysts, writers, and project managers are dedicated to guiding non-dilutive funding efforts. This begins with identifying multiple suitable opportunities, building winning proposals, and assisting you to negotiate the full award terms. Our team helps you build non-dilutive funding into a long-term financial strategy.

Eagle Point's professional staff assists with a variety of funding projects of different scale:

- ✓ **LARGE SCALE FUNDING OPPORTUNITIES** Multidisciplinary/multi-PI grants and contracts, complex budgets, multiple projects and scientific teams which require an added understanding and effort to consolidate several projects into one coherent, scientifically sound application. These funding opportunities are available for projects with budgets of \$10M to \$150M+.
- ✓ **TARGETED SOLICITATIONS** implemented science and developmental awards with budgets of \$3M- \$7M per project.
- ✓ **UNSOLICITED GRANTS.** These grants focus on early-stage research and can be budgeted \$1M - \$3M per project.
- ✓ **SBIR/STTR GRANTS** Small Business grants are typically \$150,000 for Phase I awards and up to \$2M for Phase II awards.

Over 4000 companies made the right decision:

1. **IDENTIFY** multiple funding opportunities that fit your development roadmap.
2. **CLARIFY** the interests of each program officer.
3. **BUILD** winning proposals.
4. **SUBMIT THE FIRST PROPOSAL FAST** and begin working on the next.
5. **SUBMIT AS MANY AS YOU CAN** and maximize your chances.
6. **ADAPT** to include insights provided by the reviewers.
7. **WIN.**

Let's talk.
