

Changing how we talk about migration

SB OverSeas

Introduction of your agency

- SB OverSeas is a non-profit organisation based in Belgium dedicated to providing humanitarian aid to refugees and victims of conflict.
Our operations are divided into the following three activities: education, emergency aid and empowerment.
- SB OverSeas works with refugees in two geographical focus areas: Lebanon and Belgium. In Lebanon, we distribute emergency aid and run educational and empowerment programs in our three centres based in Aarsal, Beirut and Saida.
- In Belgium, we work to support unaccompanied minors and adult women in four reception and accommodation centres in order to foster inclusion.
