EUREKA in Hungary (Support for Hungarian participation in the EUREKA Programme – 2020-1.2.3-EUREKA)

- In Hungary, there is a special support programme that co-finance the Hungarian EUREKA project participants, including cluster and network project participants. The goal of the call to be financed from the National Research, Development and Innovation Fund is to support Hungarian participation in the EUREKA programme set up to facilitate the involvement of entrepreneurs – in particular small- and medium-sized enterprises – in international research and development cooperation.

Support for Hungarian participation in the EUREKA Programme (2020-1.2.3-EUREKA)

The evaluation, labelling and funding procedure lasts 4-6 months (June 2021 – November 2021) with the involvement of independent technical and economic experts. In the support programme application of SMEs, large companies, universities and research institutions are accepted, however the public financed institutions need an industrial partner in order to be eligible.

The application is accepted also in case of EUREKA project proposals and not only with endorsed projects, however the contracts will be concluded with the National Research, Development and Innovation Office as Funding Agency only if the project gets the EUREKA label.

Funding

- The Hungarian EUREKA programme has a special and open budget of **500 million HUF** (ca. 1,4 million EUR) in 2021. As a common pot, this amount is available for all the EUREKA network and cluster activities (**Green Transition Call included!**)

Max. funding amount per project is 70 million HUF (cca. 200.000 EUR)

Eligibility

- The participation of for-profit companies (large enterprises, SMEs) is mandatory, universities and research institutions are accepted, however the public financed institutions need an industrial partner in order to be eligible
- Eligible costs are salaries, equipment costs (amortization), external development services, travel costs, other development costs etc.

Funding rates and deadlines

- Micro and small enterprise 80%
- Medium enterprise 75%
- Large enterprise 65%
- Universities and RTOs 100%
