

Canadian Collaboration Program

Expression of Interest

This Expression of Interest (EOI) is the first step in the process to submit a Canadian Collaboration Program Project Proposal. This document will be used to verify that both consortium and project idea meet the eligibility requirements of the program.

Applications will be ranked on both eligibility and merit, and only applicants ranked above a certain threshold will be invited to submit a full project proposal. NRC may choose to rescind an invitation to the full project proposal stage if it is discovered that the applicant does not meet the eligibility requirements of the call.

Submission Deadline: June 30, 2020

How to Submit

1. Once the form is complete, save the PDF locally adding the acronym the consortium has chose for the project to the beginning of the file name as follows: "ACRONYM_Canadian Collaboration Program EOI.pdf"
2. After saving, click on the "Submit Form" button at the end of the form and follow the automatic prompts. If there are no automatic prompts, check your email outbox to see if the form has sent.

If your form is successfully submitted you will receive an automated response from the IRAP International Office saying that your submission has been received (this may take several minutes). If the automated form submission does not work or if you do not receive a confirmation of receipt, please send the fillable version of this form manually to: IRAP.International.Forms-Formulaires.international.PARI@nrc-cnrc.gc.ca.

3.5 Describe the organization's key contribution to the collaborative project (max 500 characters):

3.6 Explain briefly the expected result of the proposed collaboration for the organization (max 500 characters):

Section 4: Canadian Participant 1

4.1 Organization Information

Name:	Business Number:
Address:	City:
Province:	Postal Code:
Website:	# of Employees:

4.2 Point of Contact

Surname:	First Name:
Email:	Phone:

4.3 Technology and industry sector(s) in which the organization is involved (max 500 characters): (e.g. artificial intelligence, supply chain, Internet of things, advanced manufacturing, robotics, etc.)

4.4 Brief description of the organization's service or product offering(s) (max 500 characters):

4.5 Describe the organization's key contribution to the collaborative project (max 500 characters):

4.6 Explain briefly the expected result of the proposed collaboration for the organization (max 500 characters):

Section 5: Canadian Participant 2

5.1 Organization Information

Name:	Business Number:
Address:	City:
Province:	Postal Code:
Website:	# of Employees:

5.2 Point of Contact

Surname:	First Name:
Email:	Phone:

5.3 Technology and industry sector(s) in which the organization is involved (max 500 characters): (e.g. artificial intelligence, supply chain, Internet of things, advanced manufacturing, robotics, etc.)

5.4 Brief description of the organization's service or product offering(s) (max 500 characters):

5.5 Describe the organization's key contribution to the collaborative project (max 500 characters):

5.6 Explain briefly the expected result of the proposed collaboration for the organization (max 500 characters):

Section 6: Canadian Participant 3

6.1 Organization Information

Name:	Business Number:
Address:	City:
Province:	Postal Code:
Website:	# of Employees:

6.2 Point of Contact

Surname:	First Name:
Email:	Phone:

6.3 Technology and industry sector(s) in which the organization is involved (max 500 characters): (e.g. artificial intelligence, supply chain, Internet of things, advanced manufacturing, robotics, etc.)

6.4 Brief description of the organization's service or product offering(s) (max 500 characters):

6.5 Describe the organization's key contribution to the collaborative project (max 500 characters):

6.6 Explain briefly the expected result of the proposed collaboration for the organization (max 500 characters):

Section 7: Canadian Participant 4

7.1 Organization Information

Name:	Business Number:
Address:	City:
Province:	Postal Code:
Website:	# of Employees:

7.2 Point of Contact

Surname:	First Name:
Email:	Phone:

7.3 Technology and industry sector(s) in which the organization is involved (max 500 characters):
(e.g. artificial intelligence, supply chain, Internet of things, advanced manufacturing, robotics, etc.)
