Discover the Power of Matchmaking

Supercharge Your Business Potential

Join Our Exclusive onsite Matchmaking in São Paulo on November 23

Are you ready to supercharge your business potential? Sweden and Brazil are joining forces for exciting innovation partnerships, and you can be part of it!

What Is Matchmaking?

Matchmaking is your opportunity to connect directly with potential partners in one-on-one meetings lasting 25 minutes each. These meetings can be scheduled during the registration process.

Finding Your Perfect Match

If you don't find a collaboration partner, don't worry! You can contact our dedicated Enterprise Europe Network (EEN) representatives for assistance. Contact Susanne Nylén in Sweden or Marco Quirino in Brazil.

A Gateway to Collaboration

This matchmaking event is the perfect chance to find collaboration partners for opportunities like the open call offered by Vinnova and EMBRAPII. The call covers various areas, including Health, Mining, Bioeconomy, and Sustainable Cities.

Our Ambitious Goal

We aim to create sustainable solutions with market potential and address real-world challenges. We're offering funding of up to 3 million SEK per project, aiming to support 8-10 exciting initiatives.

TARGET GROUPS IN BRAZIL:
Corporations of all sizes and researchers.

TARGET GROUPS IN SWEDEN:
SMEs and researchers.
