CE cluster model (Call 3.2)

Ben Yavnieli
IMM (Israel)

Demonstration of CE cluster model (call 3.2)

- IMM is **SUCCESSFULLY EXPERIENCED** and capable to demonstrate and replicate CE model for regional clusters . We focus on **ACTION!**
key elements that will be implemented as multi-partner team:
 - A. Material mapping and mediation - IMM Platform
 - B. Regional Scheme & procurement bridging
 - C. Facilities (Techno-Regulatory-Financial) accompanying
- The model will be demonstrated in Northern Israel on Agricultural Plastic.
Other variety of CE projects are ready to be demonstrated abroad .

Expertise

- **Over 20 proven success stories of CE** in Israel's Industrial Symbiosis project. (Haifa region pilot winners 2019, National project recruited 2020.)
- IMM platform with our processed knowledge- to be further developed on GD 3.2 to a fully integrated system of Regional CE.
 - Senior experts team , backed by Public & Private Sector partners

We are looking for Public & Private partners Abroad to join us:

A. lead other CE clusters

B. specific expertise: materials, finance, governance, marketing.
