GET.invest

Mobilising Investments in Decentralised Renewable Energy

GET.invest is supported by

GET.invest in a Nutshell

A European programme to support investments in decentralised renewable energy, implemented by GIZ, hosted on the multi-donor platform GET.pro, and supported by the European Union, Germany, Sweden, the Netherlands, and Austria.

Advisory support via the “Finance Catalyst”

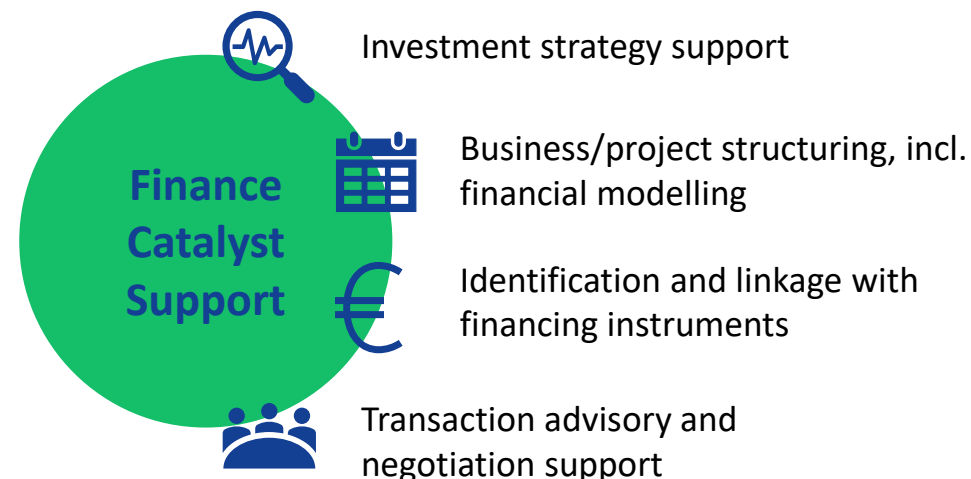

- Open facility linking projects/companies with finance
- 25+ experienced advisors, **~90 active clients**

Private sector mobilisation

- Linking partners via offline&online events
- Market information, studies
- Supporting associations

Capacity development and other complementary work

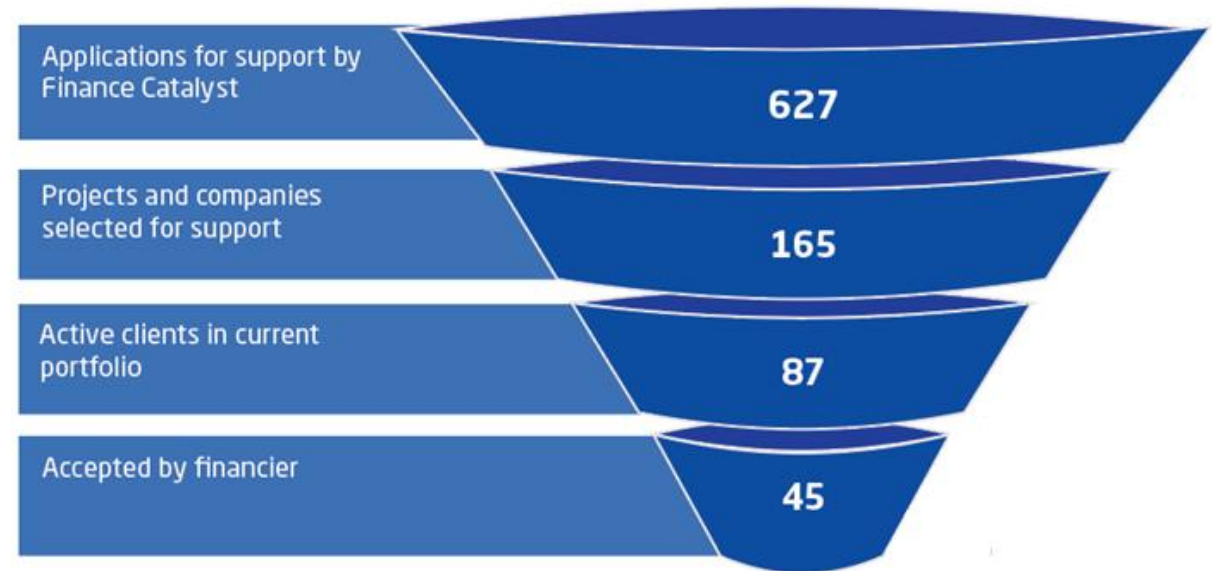

- Incl. trainings, advisory/support to regulators, etc.

How we mobilise investment: the “Finance Catalyst” at a glance

- Supports projects/companies and links them to financiers (public/private)
- 25+ experienced (external) advisors, managed by GIZ staff
- On demand, level playing field intake: <https://www.get-invest.eu/finance-catalyst/>
- Steering of the facility as “business like” as possible, as “honest broker”, using network of team and external advisors
- Big partnership network with “peers” and financiers

“Funnel” from *intake* to *outtake*.
GET.invest and predecessor program RECP (2016-2020).
