IDC Whitepaper: Fostering Business and Organizational Transformation to Generate Business Value with Amazon Web Service

Nice story, but how is it helping me???

IT for innovators.

Startups, event-based or saisonal businesses

- Get rid of initial costs
- Make use of autoscaling based on usage
- Try new things faster

IT FOR INNOVATORS.

Distribute audio, video or multimedia content

- Global network –> lower latency
- Be close to your customer -> better performance
- Fault tolerant and highly available

IT FOR INNOVATORS.

IT for innovators.

Implementing IoT, AI or a satellite ground station?

- Broad service offerings
- Save time and money
- Immediately available

IT FOR INNOVATORS.
