REHABILITATION

RESEARCH ON VASCULAR AGEING AND STROKE

OUR VISION

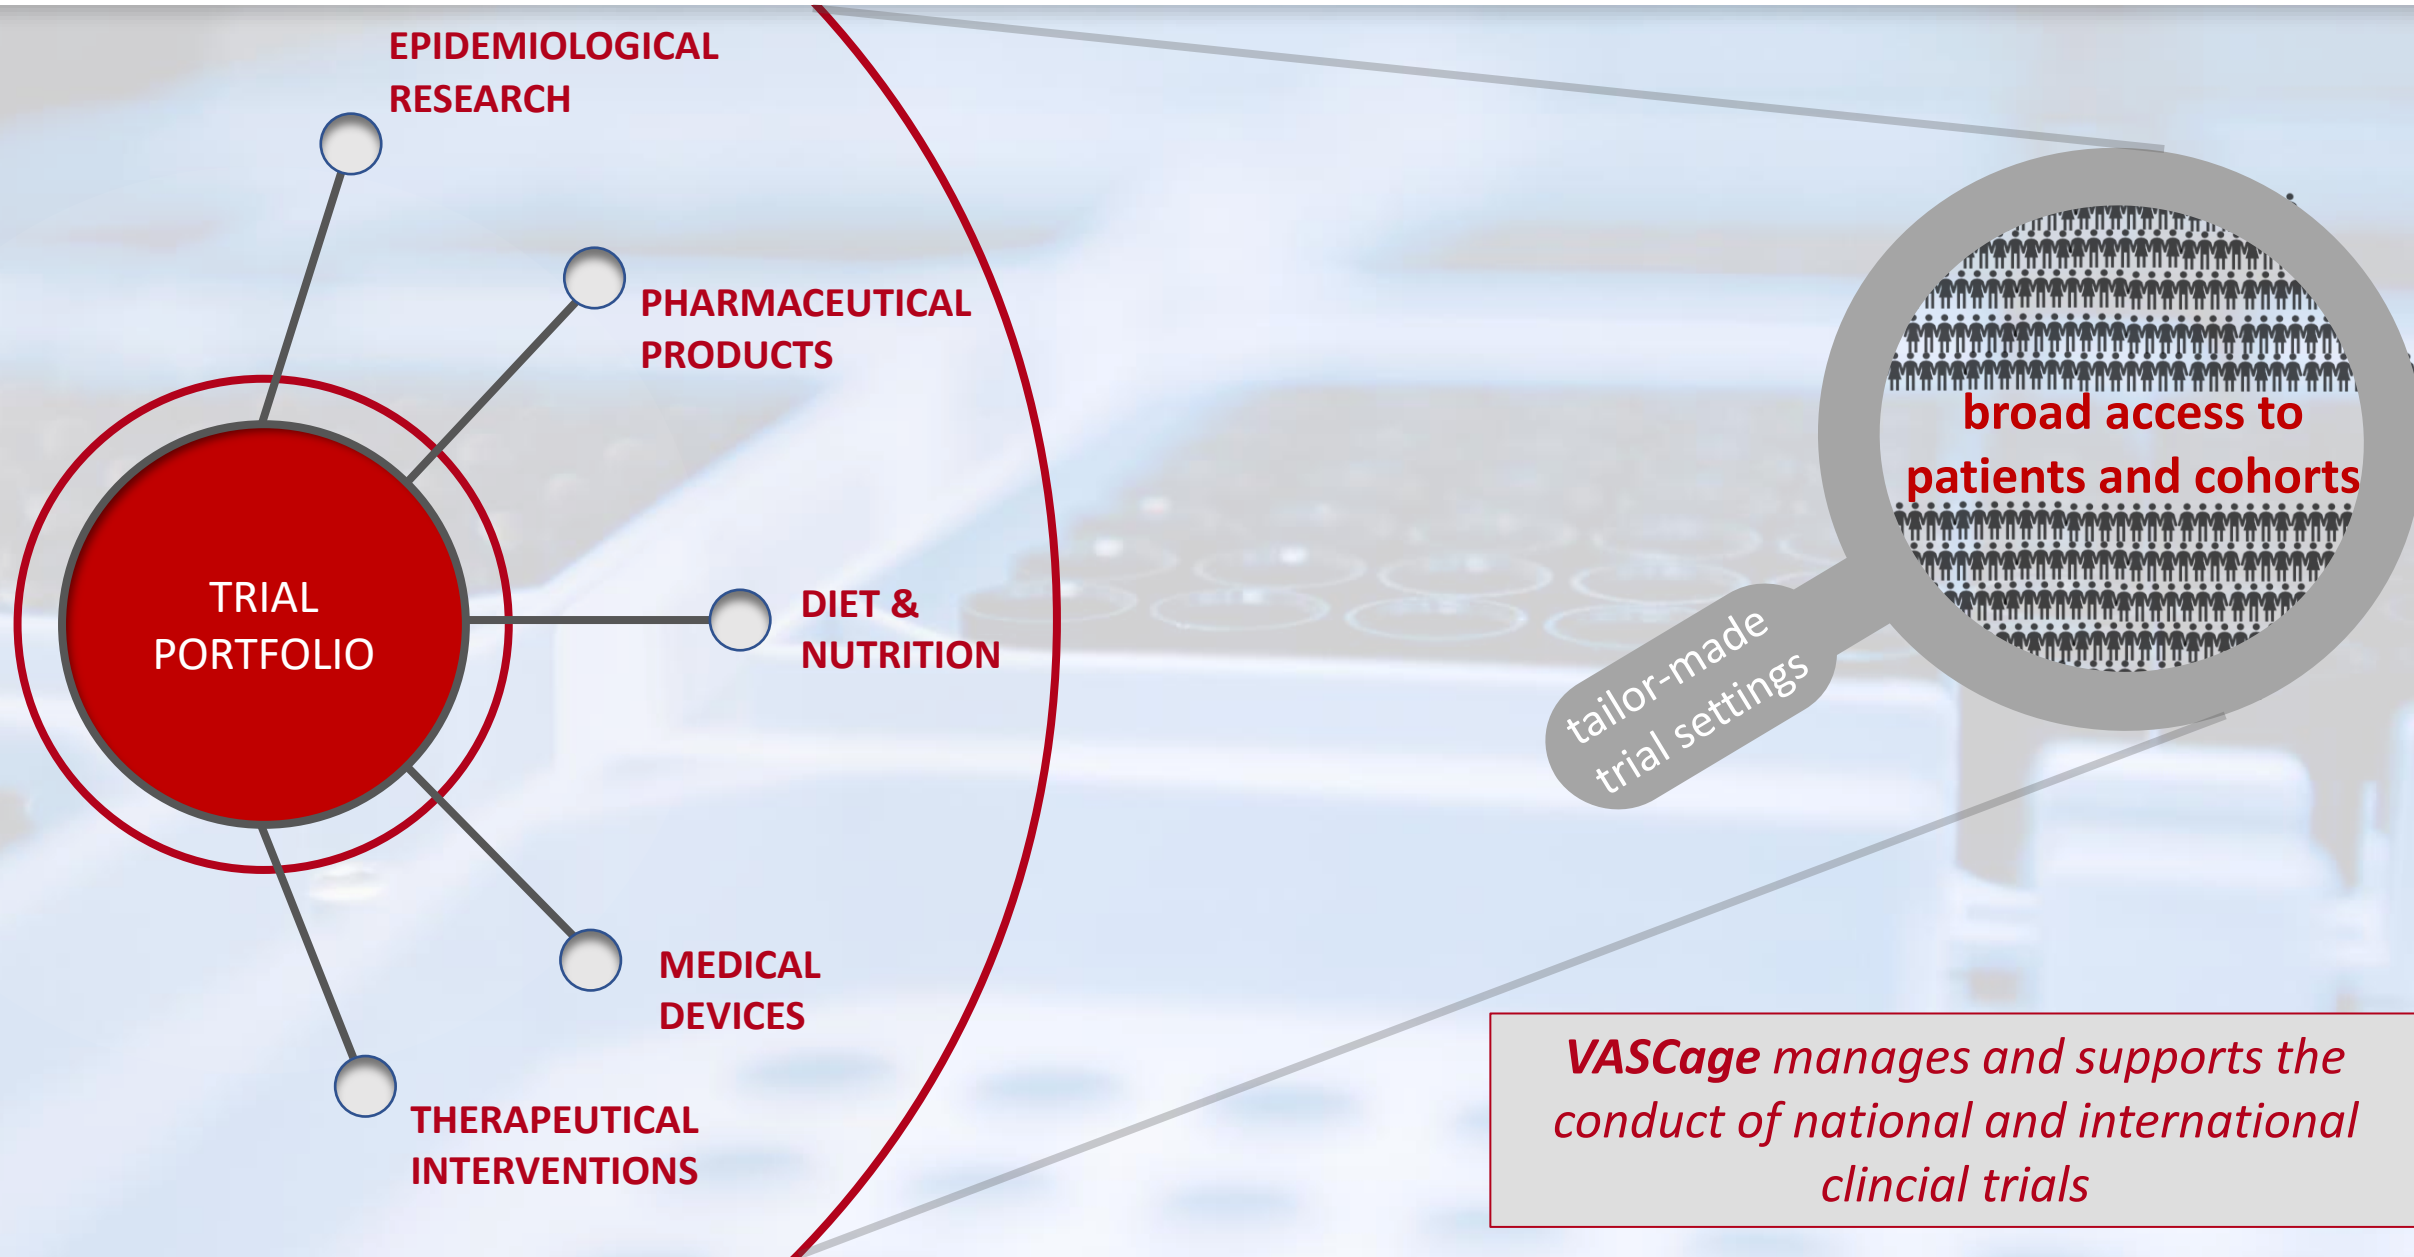

is to extend the healthy lifespan in the ageing community by promoting vascular health

OUR MISSION

is to conduct top quality life science research and to translate scientific findings into new products, processes and services

Clinical Trials – for academia and industry

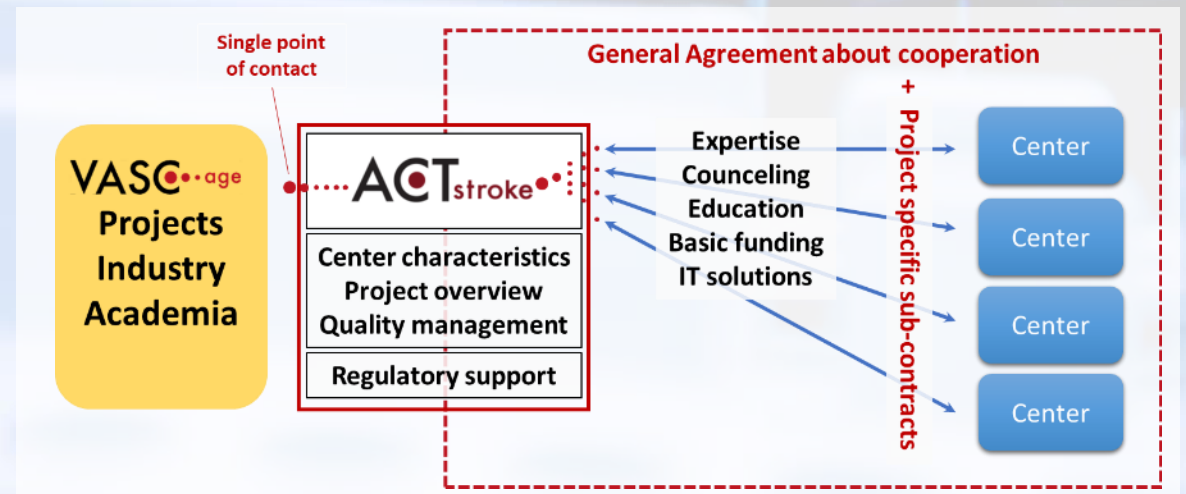

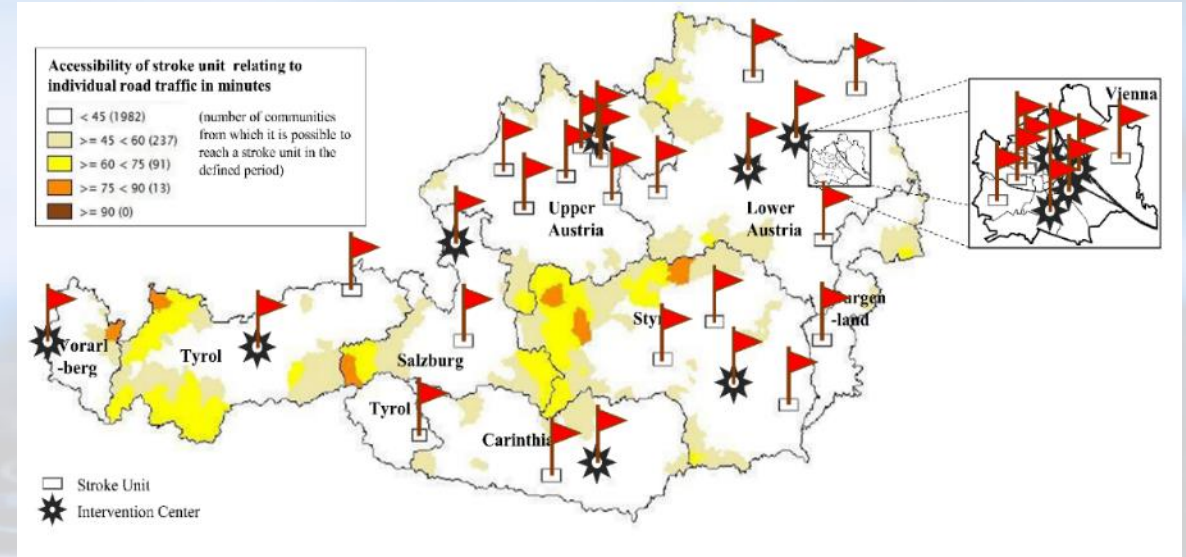

Background

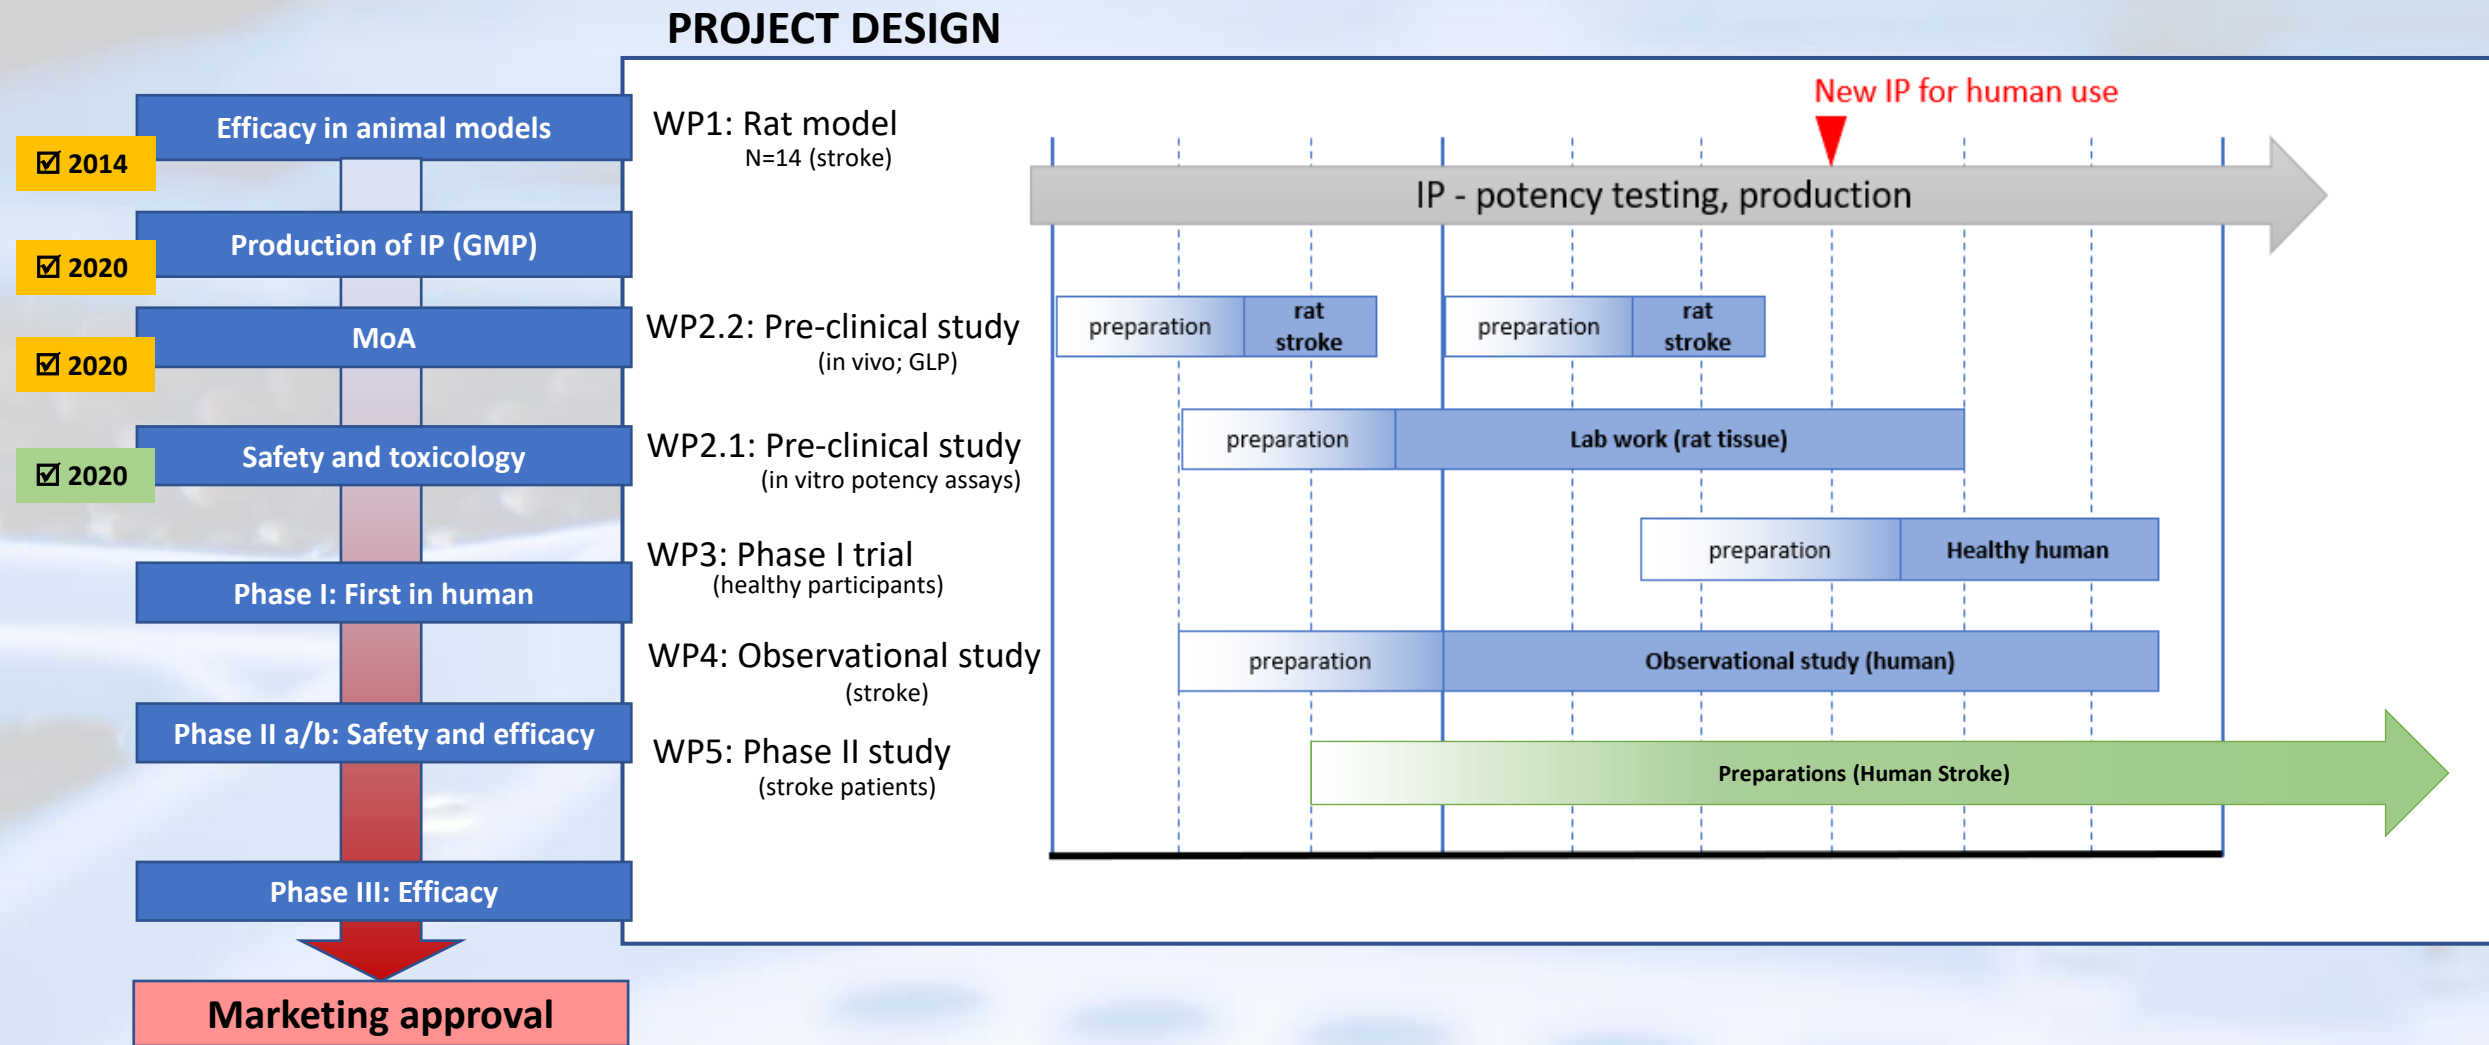

- Austria – excellent healthcare system with dense Stroke Unit network
- Small country – small number of potential study subjects
- Regulations for clinical trials are complex

ACT stroke

- Establish research network spanning across Austrian Stroke Units.
- Support infrastructure for clinical research.
- Provide tools for clinical research.

➔ **15 Centers**

VASCage

The COMET-Centre VASCage is funded within the **COMET Programme**

- **Competence Centres for Excellent Technologies** by

- Austrian Ministry for Climate Action, Environment, Energy, Mobility, Innovation and Technology
- Austrian Ministry for Digital and Economic Affairs

and the federal states

- Tyrol
- Salzburg
- Vienna

The COMET Programme is conducted by the Austrian Research Promotion Agency (FFG).
