

BROKERAGE EVENT IN HORIZON EUROPE

ENERGY TOPICS

4 MOTORS FOR EUROPE
3rd June

BlueSky Energy
Elise Rouwens

Worlds safest and most environmentally friendly battery

GREENROCK

THE SALTWATER BATTERY

- Specialized in stationary storage since 2012
- Production in new Factory in Austria since 2021
- European Quality
- >1000 Installations worldwide
- R&D in house, focus on sustainability and safety

Smart, Safe and Environmentally friendly Storage solutions

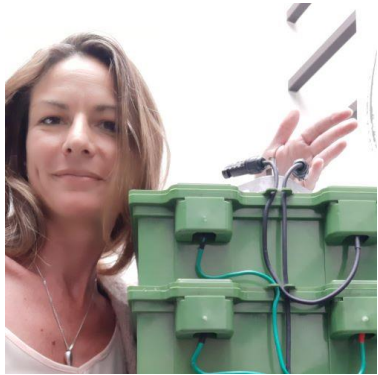

- We wish to support local projects on establishing a long term solution for stationary energy-storage challenges
- We have the expertise needed to implement both Energy Management System and tailored battery storage suited to the purpose of each project

We wish to participate in

- Optimization of Energy efficiency in buildings, public areas,..
- Optimization of former investments in renewable energy such as solar, wind,..
- As the producer we can go along side with you and tailor to establish the right solution for your specific project
- In the project management our experts will guide you every step of the way from planning to implementation and follow-up
- We are open for sustainable partnerships with long term vision
