Identify and meet potential partners

My availability

The screenshot shows a user profile for Inès Rossetti. The profile includes a circular profile picture, the name 'Inès Rossetti', and the affiliation 'Innosuisse, Bern, Switzerland'. There are two buttons: 'Edit my profile' and 'View my profile'. Below the profile information is a navigation menu with 'Overview', 'My availability' (highlighted in yellow), 'Account settings', and 'Logout'. At the bottom, there is a section for 'Your local support office' for 'Innosuisse', listing 'Inès Rossetti' and the email 'ines.rossetti@innosuisse.ch'. To the right of the profile, there is a note: 'All times are displayed in your time zone (Europe/Zurich, currently: 1)'. Below this, there is a checkbox that is checked, with the text 'Available from July 15, 2021 to June 01, 2026' highlighted in yellow, and 'Ongoing Networking' below it.

- Use the **matchmaking platform** to identify and meet potential partners:
[12th South Korea-Switzerland Call for Joint Innovation Projects](#)
- Register for the B2B sessions to be visible to other participants: long term session to be available until June 1st
- Create a strong profile (cooperation idea/marketplace item)
- Search for partners and book meetings

Association/Agency
Innosuisse

Innosuisse is the Swiss Innovation Agency. Its role is to promote science-based innovation in the interest of the economy and society in Switzerland. Within Innosuisse we offer different kinds of services. One of them is to support Swiss SMEs and start-ups to find national and international partners in business, research and development for collaboration. Therefore, we connect you with international business partners and support you in establishing international business contacts. We provide free advice on the opportunities and risks of international cooperations and we are looking for partners with whom you can further develop your projects/services/products. Through our EEN we are connected to over 600 organizations in over 50 countries.

OPPORTUNITIES

SERVICE

Supporting the development and commercialization of innovative technologies of Swiss companies

As an innovation and technology consultant @ Innosuisse, my goal is to support Swiss SMEs and start-ups to develop their business internationally and find the right research, technology and business partners.

- Set up your own profile with information regarding your company /host organization **activities / core business**
- Add **project cooperation opportunity**: Describe your **project idea**, **aim of the project**, the **expertise** and type of **partner sought!**

Strong profiles facilitate the partner search on the platform...

How to search for partners & book meetings

The screenshot shows the EEN website interface. At the top, there are navigation tabs: Home, **Participants**, **Marketplace**, Agenda, Meetings, and Messages. Below the navigation, there are filters for PERSON and ORGANIZATION, and a dropdown menu for Relevance. On the left, there is a search bar and a list of filters: BOOKMARKED, MATCHMAKING, COUNTRIES, ORGANIZATION TYPES, PARTICIPATION TYPES, and AREAS OF ACTIVITIES. The main content area displays three participants found. The first participant is Inès Rossetti, and the second is Prabitha Urwyler. The 'Request meeting' button for Prabitha Urwyler is highlighted in red. Below the search results, there is a detailed view of Prabitha Urwyler's profile, including her name, title, and location, along with a 'Send message' button and a 'Request meeting' button.

- Select partners in the **Participants** OR **Marketplace** list
- Then click on the participant's card in order to get in contact
- Use the **Message** functionality to chat about common interests, availability, **and introducing you to set meeting schedule**

Identify potential partners Support outside the platform for project partners

PROMOTION PROJECT IDEA

- **Description** : what you want to achieve, why, etc
- **Technical Specification or Expertise Sought:**
Requirements, technological keywords, etc
- **Tasks and role of the different partners:**
Field of activities, role, etc
- **Infos on the profile owner:** contact details, expertise, existing technologies/activities, role in the project, etc
