Virtual matchmaking events - How do they work?

A matchmaking event is a quick and easy way to meet potential cooperation partners. 20 minutes run fast, but they are enough to build first connections before the meeting ends and the next talk starts.

Meeting ends in 07:16

DeltaTech-Korea Ltd: Accelerating your open innovation results

In the name of open innovation collaboration and co-creation have always been around. Since the early 2000s tech-based companies have adopted open innovation to acquire, integrate, and process external information, and input for their innovation process more successfully.

In 2000 DTK was organized to fill the gap between industry and academia as an open innovation accelerator, and generate revenue for intellectual property by an extensive network of public and private sector contacts.

Technology transfer and pioneer sales of newly-developed product are the core business of DTK, which results in the commercialization of hot technologies and startups growth obtaining the relationships with R&I partners abroad. In summary DTK is interested to develop projects such as:

- (1) International joint R&D
- (2) Technology Scouting
- (3) Technology Licensing
- (4) Pioneer Sales: Market Discovery
- (5) Startup Internationalization such as soft-landing etc.

Find your Korean R&D partners and Meet them at '2022 Korea Eureka Day' in Portugal!

(국문 행사정보 보기, 신청양식 및 가이드라인 다운로드)

(The schedule for Pre-matching day has been changed to May 10 & 11)

To facilitate and accelerate R&D cooperation between Korea and Eureka member countries, KIAT organizes the 'Pre-Matchmaking event for 2022 Korea Eureka Day' on 10th-11th May.

In this online 1:1 meeting event, you can search and find the best R&D partners for your expected R&D projects. After online discussion, the Korean participants will participate in Global Innovation Summit 2022 in Lisbon, Portugal to meet you physically to elaborate project cooperation.
