

GOLDING

Golding Capital Partners is one of the leading independent asset managers for private equity, private debt and infrastructure in Europe. Our investor base is made up of more than 200 institutional investors including insurance companies, pension funds, foundations and banks, especially savings banks and cooperative banks. With our Team of about 120 employees, based in Munich, Luxembourg, London, New York and Tokyo, we are responsible for approximately €11 billion assets under management.

We are expanding our highly motivated team and are looking to recruit for our Munich office an Investment Manager – Infrastructure (m/f/d). The job offers a unique opportunity to work with one of the market leading infrastructure platforms in Europe.

Investment Manager / Director - Infrastructure (m/f/d)

Job Description

- Supporting the Co-Heads of the Infrastructure Business Line in carrying out due diligences of infrastructure and energy funds and co-investments as well as secondary transactions
- Coordination of due diligence and leading due diligence teams
- Analysis of investment opportunities, preparing due diligence results and presenting them to the investment committee
- Monitoring of existing fund portfolio investments
- Ongoing market screening for potential infrastructure investment opportunities
- Supporting the identification and structuring of new product opportunities
- Team work with experienced international infrastructure investment professionals
- Supporting Sales Division in fundraising tasks and client meetings

Your Qualification

- 6-12 years previous experience in banking, project finance or infrastructure
- Excellent academic credentials, MBA or engineering degree helpful
- Highly analytical and strong numerate skills
- Fluent in spoken and written German and English

Your Personality

- Willingness to leave "well-trodden paths" in a dynamic environment and actively participate in shaping growth
- Quick perception as well as analytical and conceptual strength
- High degree of reliability, endurance and flexibility as well as enjoyment of team work
- Team player with strong interpersonal and communication skills – proactive self-starter

In order to meet our demanding client's requirements now and in the future, we give our employees room to develop their own ideas and offer them training and coaching aimed at developing both professional and personal skills.

If you are interested in the job profile, take this chance to join Golding Capital Partners and become a part of our success story!
