We are happy to invite you to learn more about the upcoming European funding opportunities for digitization, cultural heritage and smart tourism topics and meet potential partners across Europe.

Digitisation, Cultural Heritage and Smart Tourism Infoday and Matchmaking Event will focus on funding opportunities across a wide range of EU funding programmes for the period 2021-2027. This event is organized jointly by **S3 Pilot Action on Virtual and Smart Cultural Tourism (S3 VSCT Pilot)**, **Time Machine Organisation (TMO)**, **ERRIN**, and **Thuringia Region**.

The calls for proposals under **Horizon Europe-Cluster 2 Culture, Creativity and Inclusive society**, **European Innovation Council**, **Single Market Programme** and **Interregional Innovation Investment (I3) funding instrument** will be covered in the event. Speakers from European Commission are invited to present the Programmes and funding opportunities.

The event is set up in two parts. An information session will be followed by a matchmaking session. First, funding opportunities cutting-across different EU-funding programs will be introduced by the speakers from European Commission. In the matchmaking part participants can arrange one-to-one meetings amongst themselves to discuss cooperation possibilities and find potential partners for future consortia.

This virtual event would help participants to get prepared for the calls for proposals offered through a wide range of European funding schemes concerning digitisation, cultural heritage and smart tourism.

[Who should Participate?](#)

It is open to any potential applicant from Europe. Researchers, innovators, experts and professionals from universities, research centers, public authorities, SMEs, industry, cultural institutions, GLAM sector, NGOs can register to learn about different opportunities offered and meet potential partners.

[How to Participate?](#)

The online registrations will be opened by mid-May. The event will take place on **9th of June**. Please save this date in your calendar. The event is free of charge.

Stay tuned for the updates and full agenda of the event!
