CARLISLE BAY DEVELOPMENT

- The Carlisle Bay Development, which covers over 2 km of beachfront land, is a unique tourism investment prospect in any tropical island in the world today. This beachfront land, owned by the government and the private sector, sits on a beautiful crescent bay in front of a historic capital city and UNESCO site. At the center of this opportunity is the people of Barbados. This development will be the anchor for the complete regeneration of the communities in this urban corridor: livelihoods, infrastructure and sustainable futures for all.
- The Carlisle Bay Development will include:
 - An iconic performing arts/conference facility
 - 5 new hotels (an additional 1,500 rooms)
 - A marina
 - Entertainment facilities

NEWTON LIFE SCIENCE ECONOMIC ZONE

- Barbados is strategically repositioning its industrial sector and manufacturing around the Life Sciences where by as an island our global expertise is in the business of science. The Life Science economic Zone will be a cutting edge space for global firms that are looking for biotechnology, pharmaceutical and medical technology investments opportunities.
- LEAD AGENCY: EXPORT BARBADOS

BARBADOS SLAVE MUSEUM

- BARBADOS HERITAGE DISTRICT DEDICATED TO MEMORIALIZING SLAVERY WILL BE DESIGNED BY DAVID ADJAYE
- It will comprise a research institute and museum; and will be the first Caribbean memorial and archive of its kind. It will also serve to develop and promote Barbados' identity, culture, and place internationally as well as support job growth in new industries, technologies, and construction sectors.
- It will be located next to the Newton Enslaved Burial Ground Memorial, a former sugar plantation where African slaves worked under bondage, also, the largest and earliest known slave burial ground in Barbados, where the remains of hundreds of enslaved West African men, women and children were uncovered in the 1970s using LIDAR (Light Detection and Ranging) technology.

ALLIANCE FOR ACTION CARIBBEAN COCONUT PROJECT

- The Alliance for Action Caribbean Coconut project is funded by the EU and aims to revitalize the coconut industry in twelve Caribbean islands, including Barbados. ITC and CARDI are the implementing partners of the project.
- Barbados has successfully completed a significant number of milestones thus far. The purpose of the tour is to demonstrate what the industry is starting to look like, as well as to emphasize the need for financial institutions to recognize unique business opportunities and to take part in the expansion of the coconut industry.

BARBADOS RUM TOUR

- Welcome to Barbados the home of rum. This tour will provide an overview of Barbados industrial history. And why we also make the claim for Barbados the “Bio-island”, we are global experts in the science of fermenting. We are pivoting this sector to become the frontier for new biotechnology and biochemical sector.

BRIDGETOWN GOLD EXCHANGE

- The Bridgetown Gold Exchange
- Overview presentation of new investment opportunities in gold based on strategic relationship with Guyana and Surinam two gold producing nations.

GLOBAL LOGISTICS HUB

- **Barbados Port Inc.**

- The Port of Bridgetown is a multipurpose seaport where trade and logistics, transport and technology, people and passion come together in a vibrant hub.
- Our strategic location in the Southeast Caribbean, coupled with our focus on efficiency, reliability and exemplary customer service, make us the perfect gateway for moving people and cargo.
- We are dedicated to supporting businesses in the import/export trade with state-of-the-art cargo handling facilities and we are at the heart of the island's cruise industry, providing great berthing spots, dedicated vessel and passenger services. We are guardians of the environment, preserving our heritage landmarks and protecting our blue and green spaces.

GOLDEN SQUARE: ROAD TENNIS

- Road tennis is a **variation of tennis invented in Barbados in the 1930s by primarily local working-class Barbadians who could not afford to play lawn tennis**. Though mainly concentrated in the island nation of Barbados, it has been since further introduced to California, USA and the wider Caribbean.
