

ABOUT US

The EBSpreneurship Forum is one of the largest solely student-organized entrepreneurship congresses in Europe. Every Year 600-700 students, prospective and experienced founders, investors, and professionals gather on the campus of the EBS University for Business and Law, in Oestrich-Winkel. This Year's congress will be centered around the theme "Be where Innovation is born", focusing on the subjects Fin-Tech, Health (Covid-19), Diversity, and Emerging Technologies. We will be hosting enlightening speeches, from speakers, such as Dinesh Moorjani (Co-Founder of Tinder), or Conny Boersch (Co-Founder of Mountain Partners & Super Angel Investor). As well as special panel discussions focusing on important topics around the entrepreneurial sector. Furthermore, we will be offering unique networking opportunities for students and corporates to get in touch. At our "Carreer Fair" young professionals will be given the opportunity to talk to and apply for interviews with corporates. Also, we will be enabling founders to pitch their idea or their start-up to investors on our pitch stage, giving them the possibility to collect valuable advice, connect and get the chance to work closely with investors.

GET INVOLVED

Don't let the pandemic stop you and join the EBSpreneurship Forum!

Our hybrid-event is THE chance for startups to get and stay in touch with some excellent students, the best investors for your projects and other inspiring founders on their way to skyrocket-success.

We offer a wide range of insights regarding disruptive innovations alongside providing public stages where you can advertise your brand.

Make sure to not miss your networking opportunities to get connected with the right people.

Hop on the train and join us on our ride through the world of the most intriguing startups.

Hybrid System

Due to the current situation with Covid-19, we are initially planning a hybrid system, where as many speakers and attendees as possible will be on-site at the campus. In addition, we will also offer participants and speakers the possibility to join the congress virtually. Our top priority, however, is to adhere to all measures and regulations to ensure a safe and exceptional congress.
