

## Machining Industry Meetings

*International & virtual business meetings*

Thursday, 26th November

The **Machining Industry Meetings** will be organised on the **26th of November**, by **Auvergne-Rhône-Alpes Entreprises**, member of Enterprise Europe Network. They will focus the **bar turning, machining and part production industries** for **use in automotive, aeronautics, medical, clockmaking and many other fields...**

This matchmaking event is a great opportunity for participants to **meet potential international partners** from the sectors mentioned above, and **build technological, commercial or R&D cooperations**. People **meet and greet 20 minutes virtually** to build connections.

**Who can participate ?** All private and public industrial players (companies, clusters, labs, research centres...), interested in the areas of activity targeted.

### How it works ?

Business meetings will be **pre-arranged before the event, on a dedicated platform**. They will take place virtually.

Steps to participate in the International business meetings :

1. **Register** on the dedicated platform : select your attendance, complete your personal and organisation information, select relevant keywords describing your areas of activity
2. Create a **strong and clear profile** in the « Marketplace » section : describe the product/service/expertise offered or requested, your cooperation project and partners sought
3. **Book meetings (virtually)**: browse participants profiles published on the platform, send meeting requests (with timeslots) or answer your meeting requests
4. On 25th November, **download your agenda** with your meetings, timeslots, and link to the videoconference.

### Agenda

Virtual business meetings: 08:00 – 19:00

### Deadlines

- Registrations : **until 25<sup>th</sup> November**
- Meetings booking : **12<sup>th</sup> October - 25<sup>th</sup> November**
- Machining Industry Meetings: **26<sup>th</sup> November**

Participants have to register for the business meetings on the dedicated event website : <https://machining-industry-meetings-2020.b2match.io/>
