INDUSTRIAL TECHNOLOGIES CONFERENCE 2022

EXHIBITION & PARTNERSHIPS

JUNE 27-29 2022 | Maison MINATEC
GRENOBLE, FRANCE

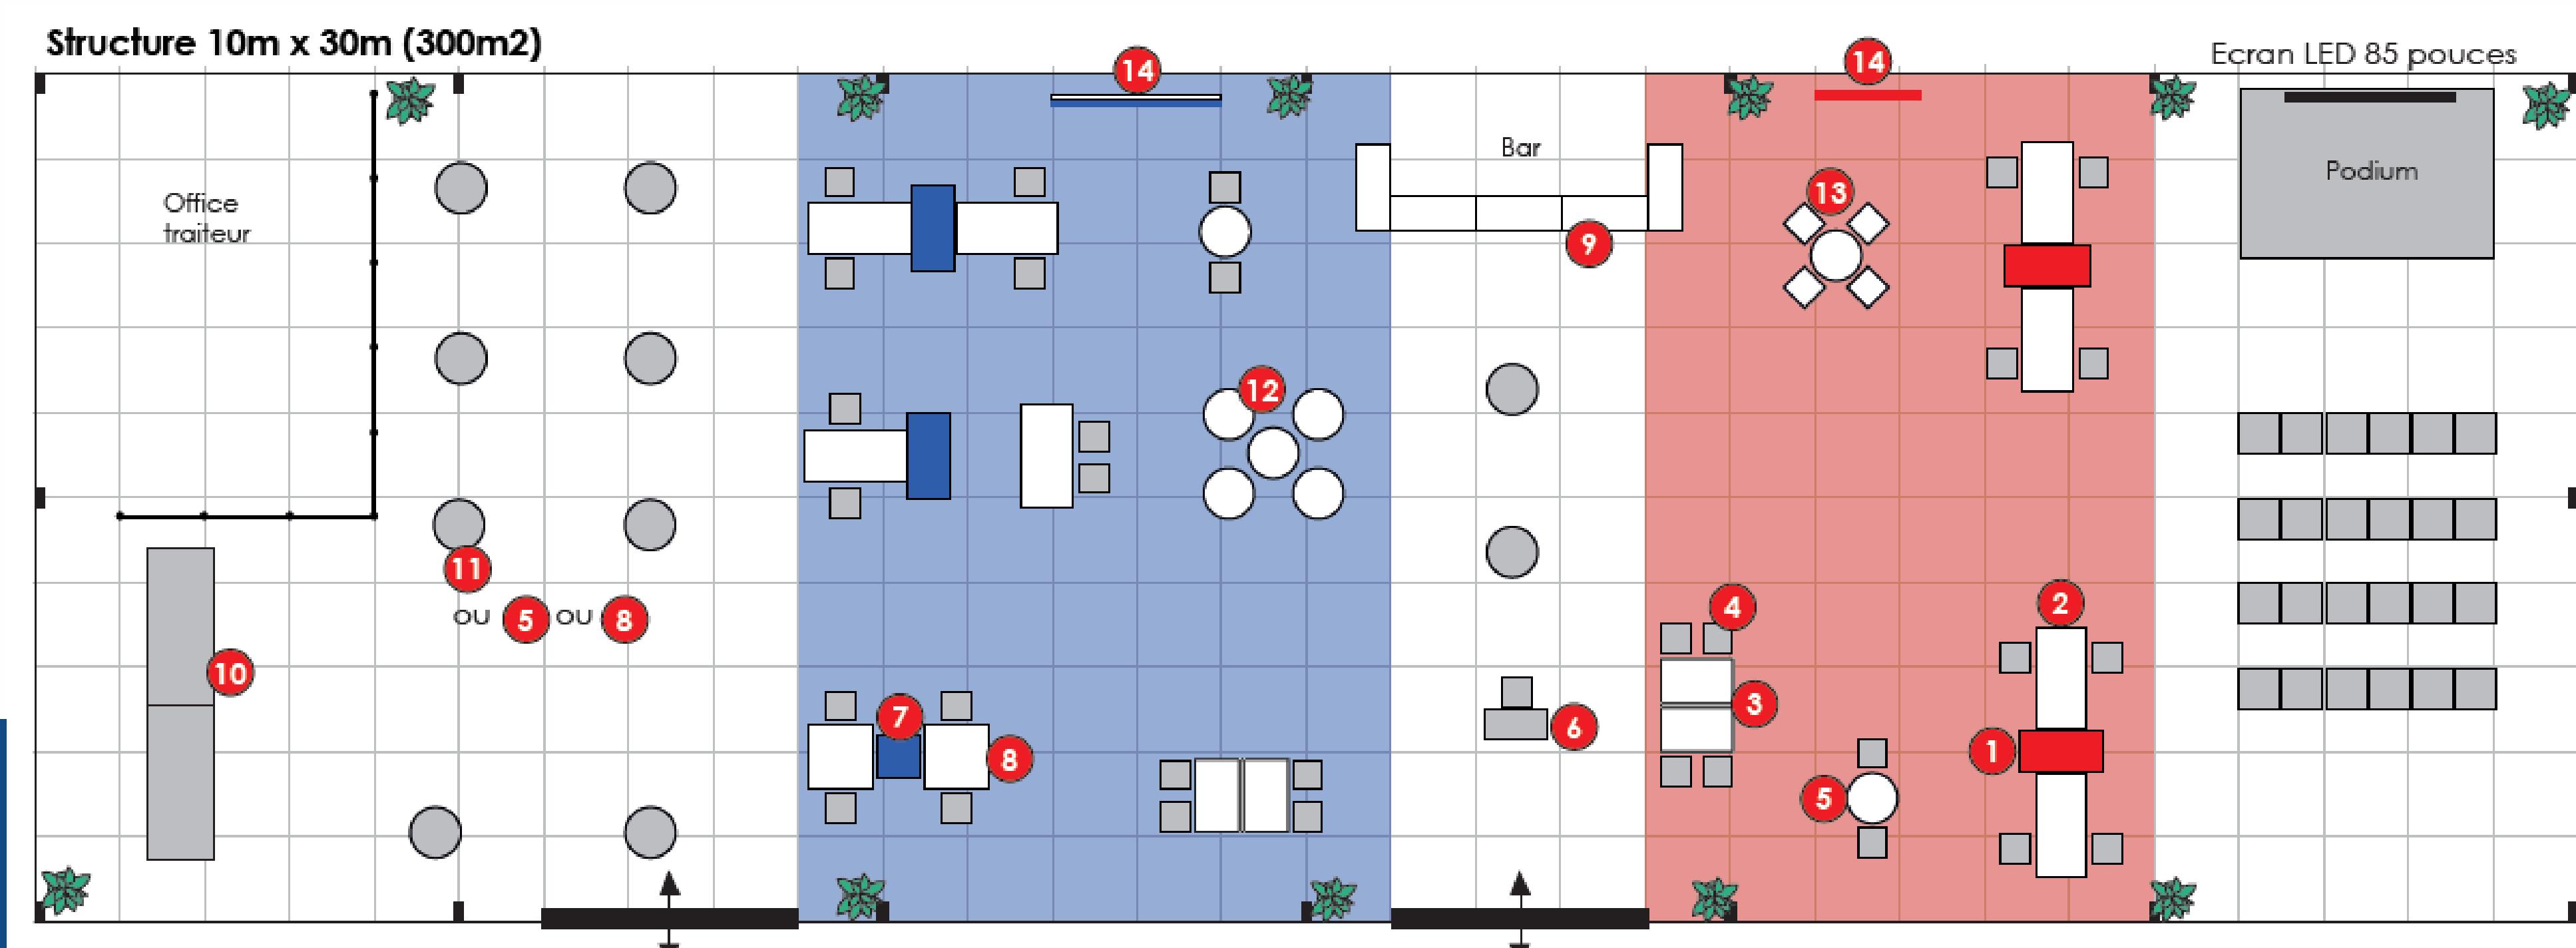

AMIRES

VILLAGES

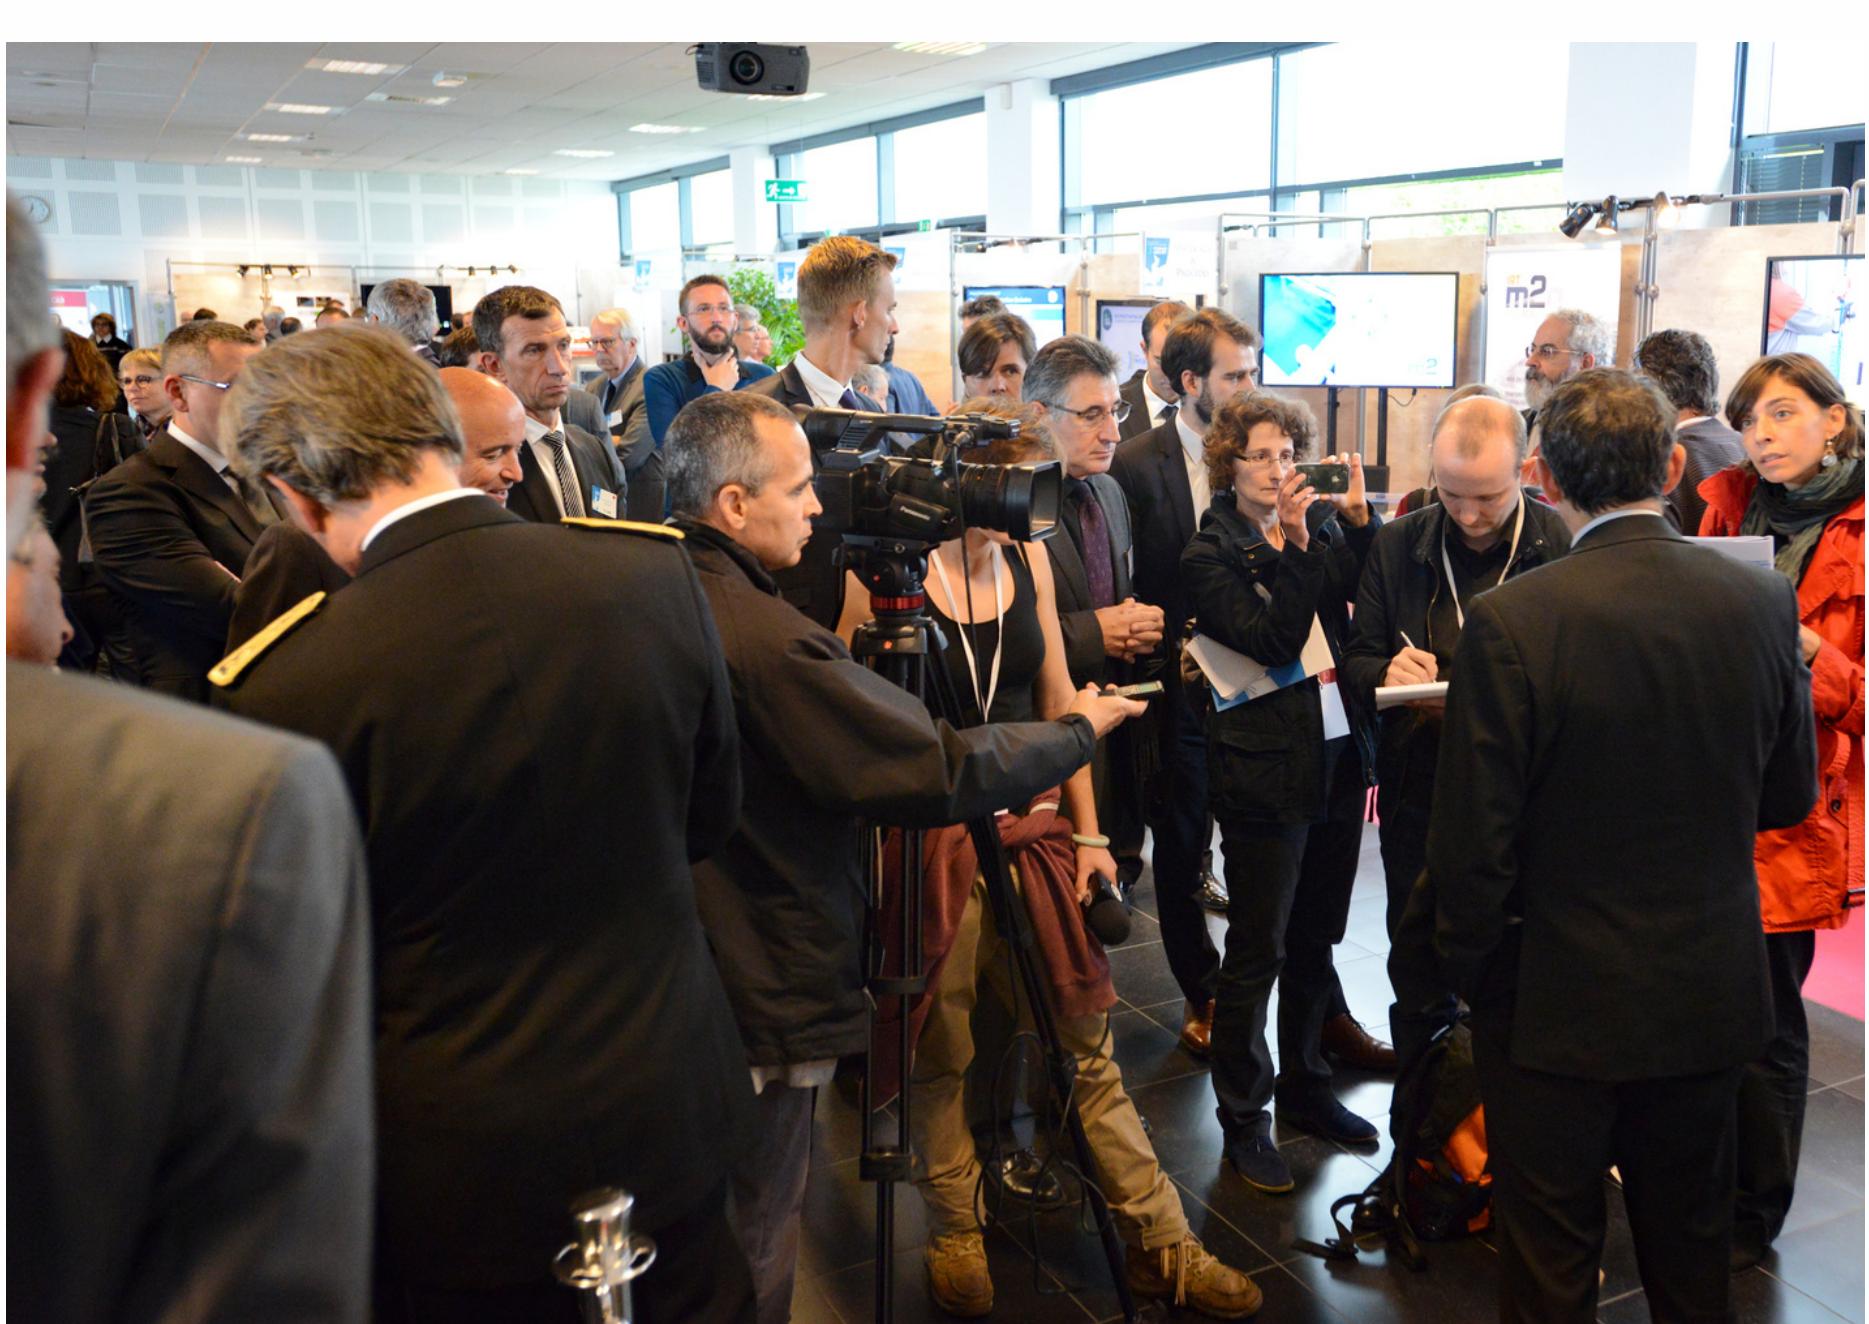

Bring your tribe, occupy your village and promote your culture to visitors!

A completely new concept that allows a "community" to collectively set-up their exhibition space together with a common visual identity.

Co-located in the catering area, a typical village of 100 m² includes:

- A large banner at the entrance to the village with the name of the village and its members.
- A bar with all day coffee/beverage service (bar+beverages, you provide the service + conversation).
- High tables with chairs for networking or light dining.
- Nominally, 8 personal size booths, either with posters or video monitor, demo table (models vary, to be agreed according to needs). Booths are dressed with the village identity as well as the individual name.
- A large video display screen (75 inch) for displaying video content of the village.
- Access to a podium with microphone for presenting village content (during coffee breaks, lunches and evenings).
- Carpeting, lighting, power outlets, live plants and other decorative materials.
- Promotion of your village through conference social media

Villages are for minimum 5 and up to 8 village members per village, pricing is 10-15k€, VAT not included.

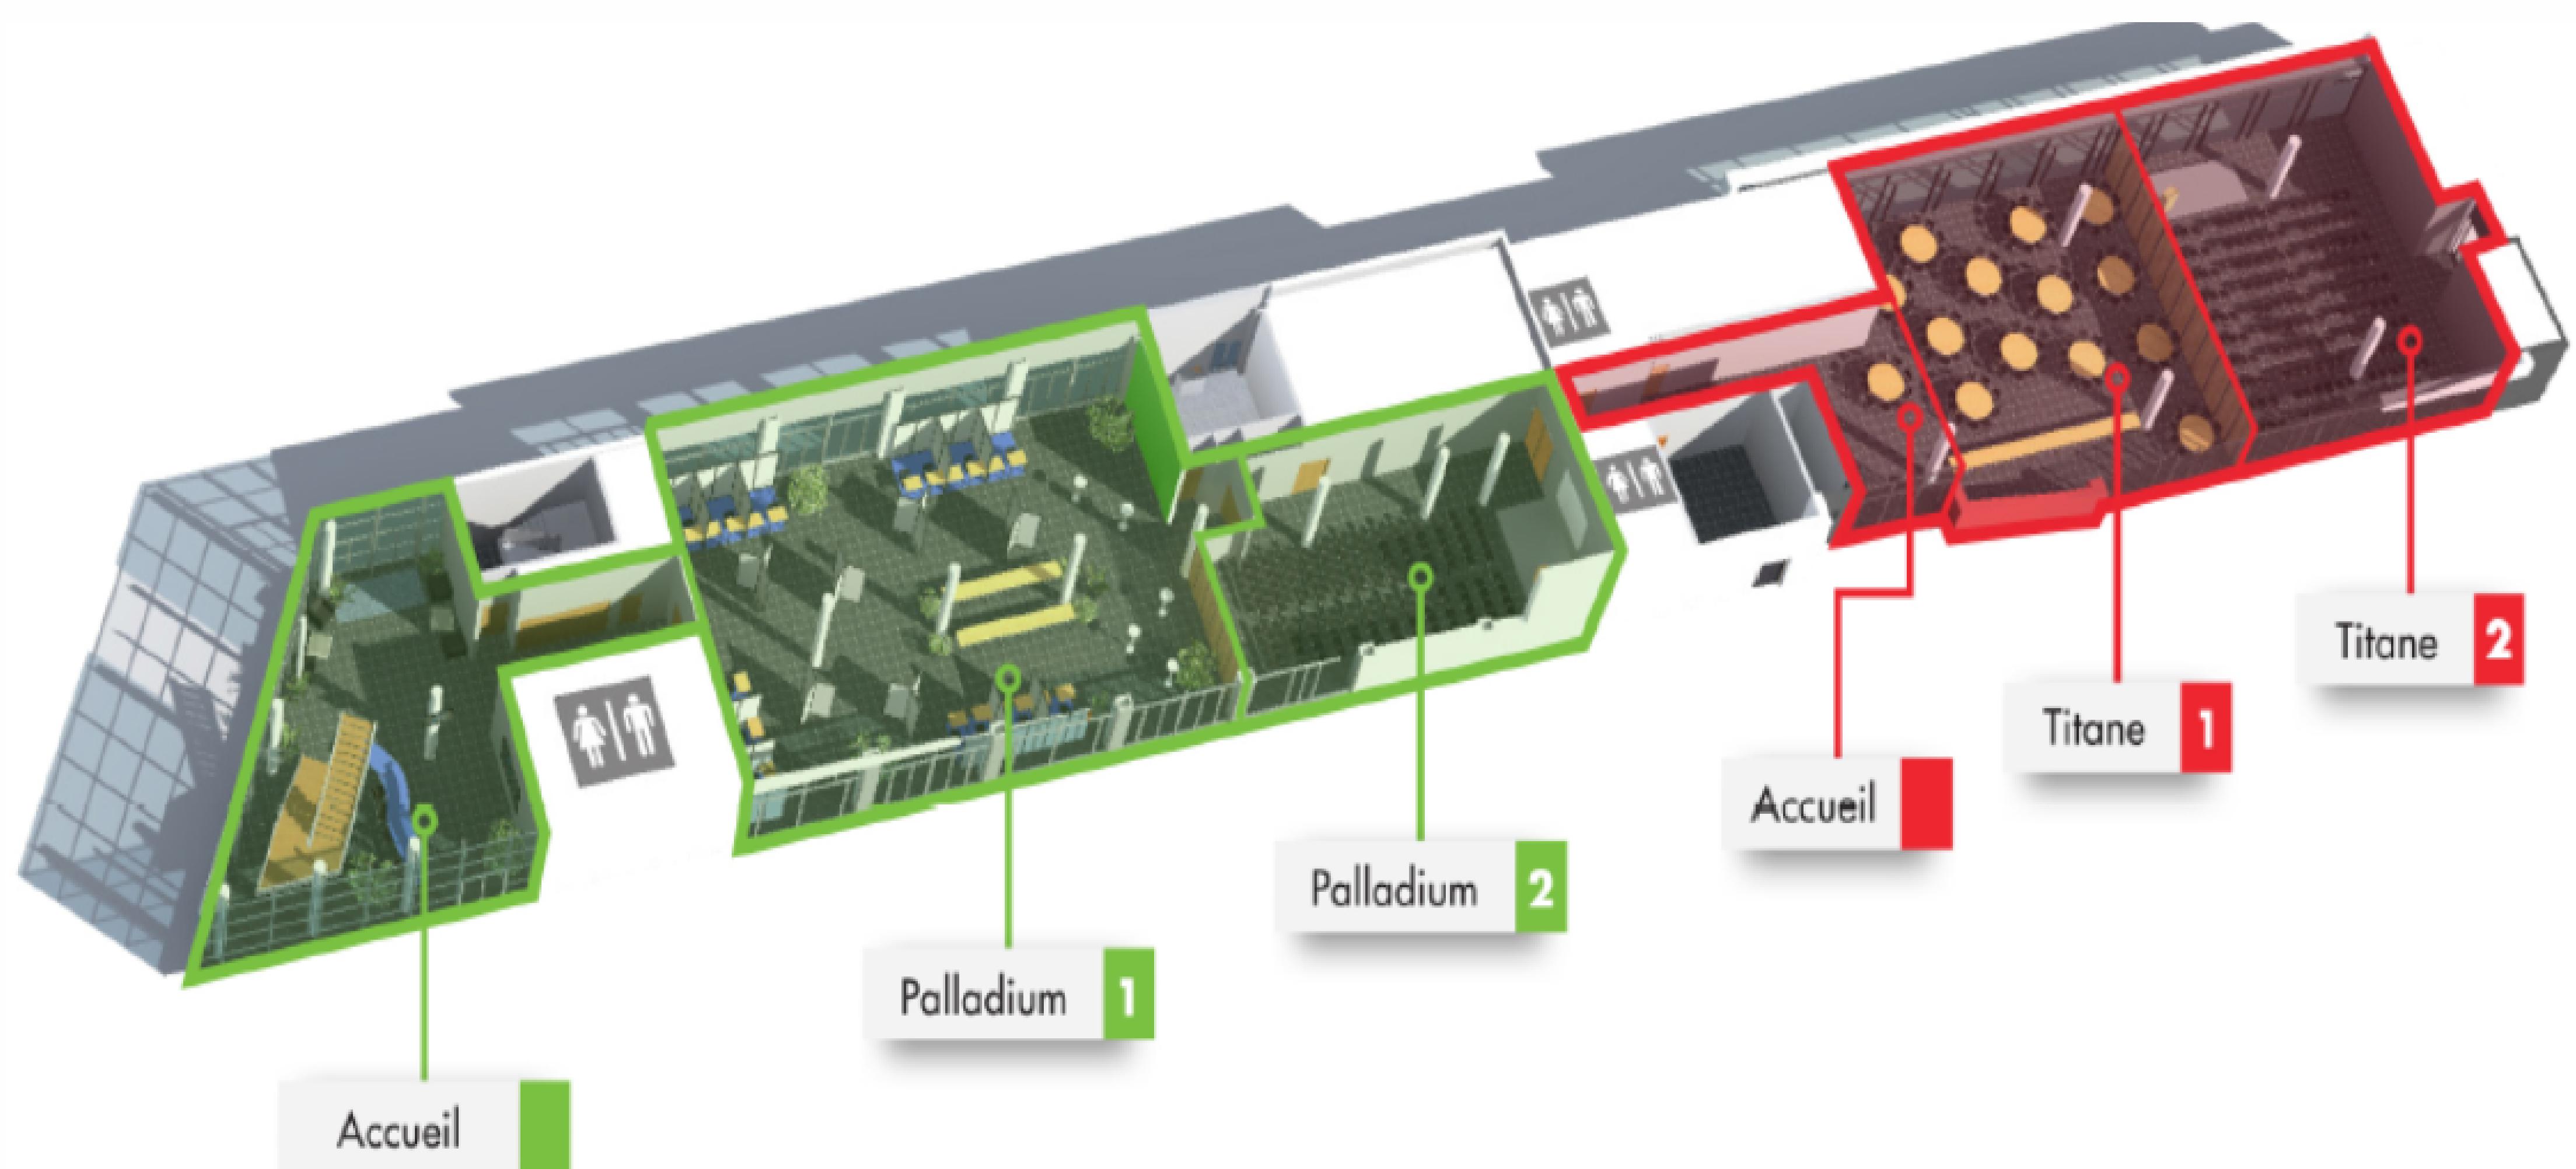

EXHIBITION BOOTHS

Standard exhibition booths are available in the Palladium networking area between the conference rooms and the catering area. Conference attendees will frequent this area between sessions, during coffee breaks, meals, social events, and free time. Interested organizations should act now to book a booth to present their activities or products. Standard booths are 3m wide by 2m deep; include a counter, three high chairs, a high table, partitions (2,5m high), 3 power outlets, lighting, and a name banner. Larger booth sizes are available on request.

Standard booths are available at 2500€ each, VAT not included.

The IndTech 2022 exhibition area covers approximately 1800 m².

MEETING ROOMS

Meeting rooms are available for rental on Monday June 27 morning, afternoon and evening. Small rooms have capacity for 12-15 persons, medium sized rooms will accommodate 40-50, and larger rooms up to 120 persons. Rooms are equipped with projector, computer and wifi access. Prices range from 200 to 500€ for a full day, depending on size of the room. Refreshments are provided at additional cost. .

For further information on exhibition and partnership possibilities, please contact indtech2022@cea.fr

Please note that prices do not include VAT.
