# Internships in Norway– Some reflections

Torstein Hole

# Internship

- Increasingly promoted as a tool to ensure relevance – employability and key skills
- Notable differences among profession and discipline-programs

# Terms

“Praksis” – “praxis” – “practice”

Work placements

(Sandwich courses/internships/service learning/residence – “turnus” etc.)

# Practice?

COAST

## Meld. St. 16

(2020–2021)

Melding til Stortinget

### Utdanning for omstilling

Økt arbeidslivsrelevans i høyere utdanning

- Internships in new formats
- Developing existing internship offerings
- Developing new avenues for collaboration with workplaces
- Synergise learning at campus and at workplaces

# Important questions

- Are hosts teachers?
- Should students be paid?
- Insurance?
- Assessment

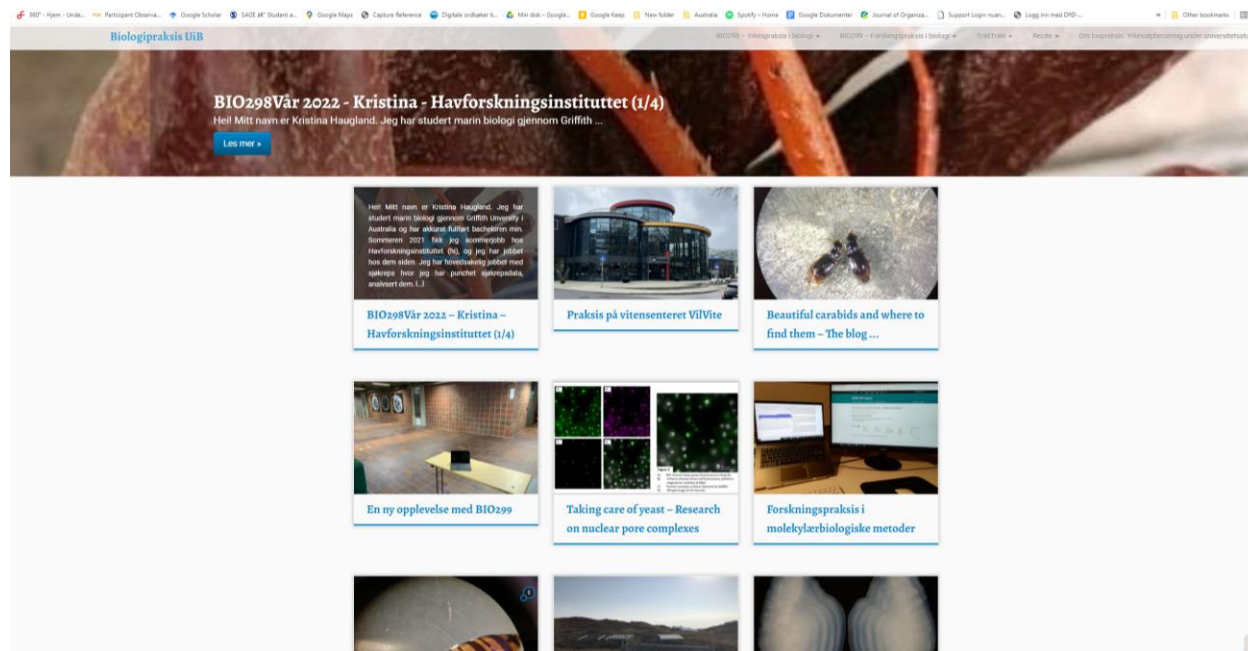

# Developments

- Internships in new formats
- Developing existing internship offerings
- Developing new avenues for collaboration with workplaces

# Geo Internship/ bioPractice

bioCEED

- Arctic University (UIT) – UiB – UiO
- Pair students and hosts – who are the hosts?
- Blogging
- Reflection note
- Presentation about the internship period

Norwegian Directorate  
for Higher Education  
and Skills

# Thank you for you attention!
