

DEFENCE AND SPACE

Belen García Molano. VP, Technology and Development Director
Nov 2022

AIRBUS

DEFENCE AND SPACE

AIRBUS, leader of Cybersecurity in Europe

AIRBUS

DEFENCE AND SPACE

AIRBUS, the European pioneer in cyber security innovation

Almost 30 cutting-edge research and development projects.

More resilient, agile and effective products and services to our customers today – and secure the critical systems of tomorrow.

AIRBUS

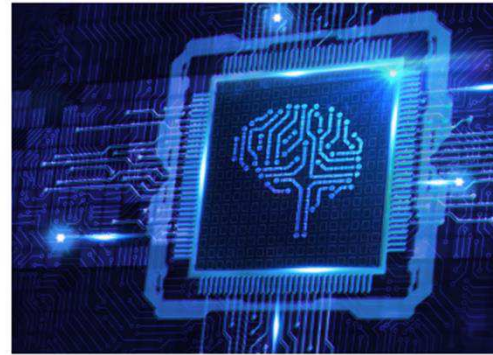

Our innovation roadmap is based on four core pillars:

Secure connectivity

Virtualisation

Cognification

Autonomy

Thank you!
