

EU Brokerage Event

on Industrial KET* in Horizon Europe

*Key Enabling Technologies

10th November 2022 • Strasbourg

Conference &
Bilateral/B2B Meetings

Calls
2023- 2024

Project idea/ Field of expertise:

Materials and processes modelling

Organisation Name:

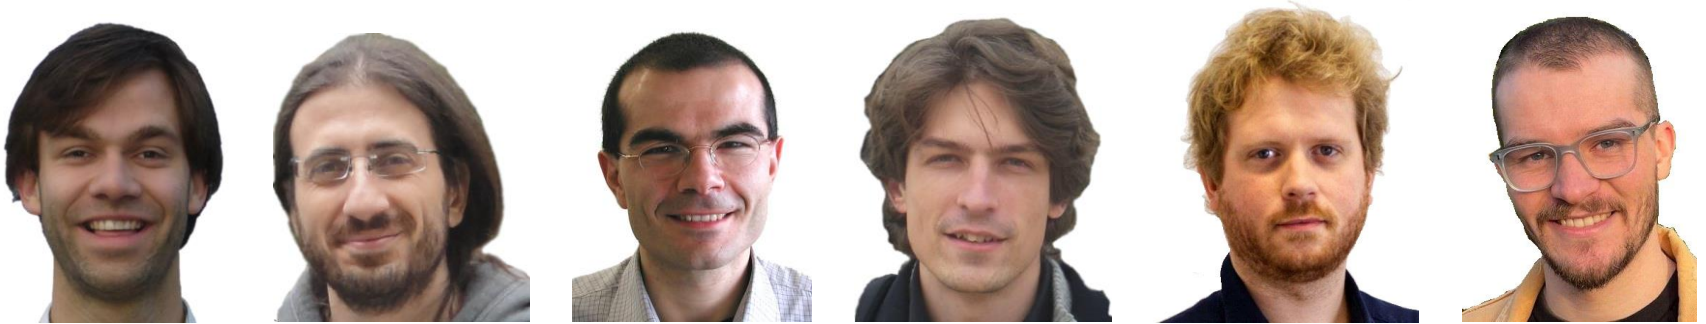

Matgenix

Addressed topic(s):

Virtual screening of materials and compounds for specific applications.
Prediction of the properties of innovative materials.
Optimization of processes (experimental setup, conditions,...).

Matgenix

- Start-up launched in 2020. Based in Belgium, but members are in the US, Italy, and UK as well.

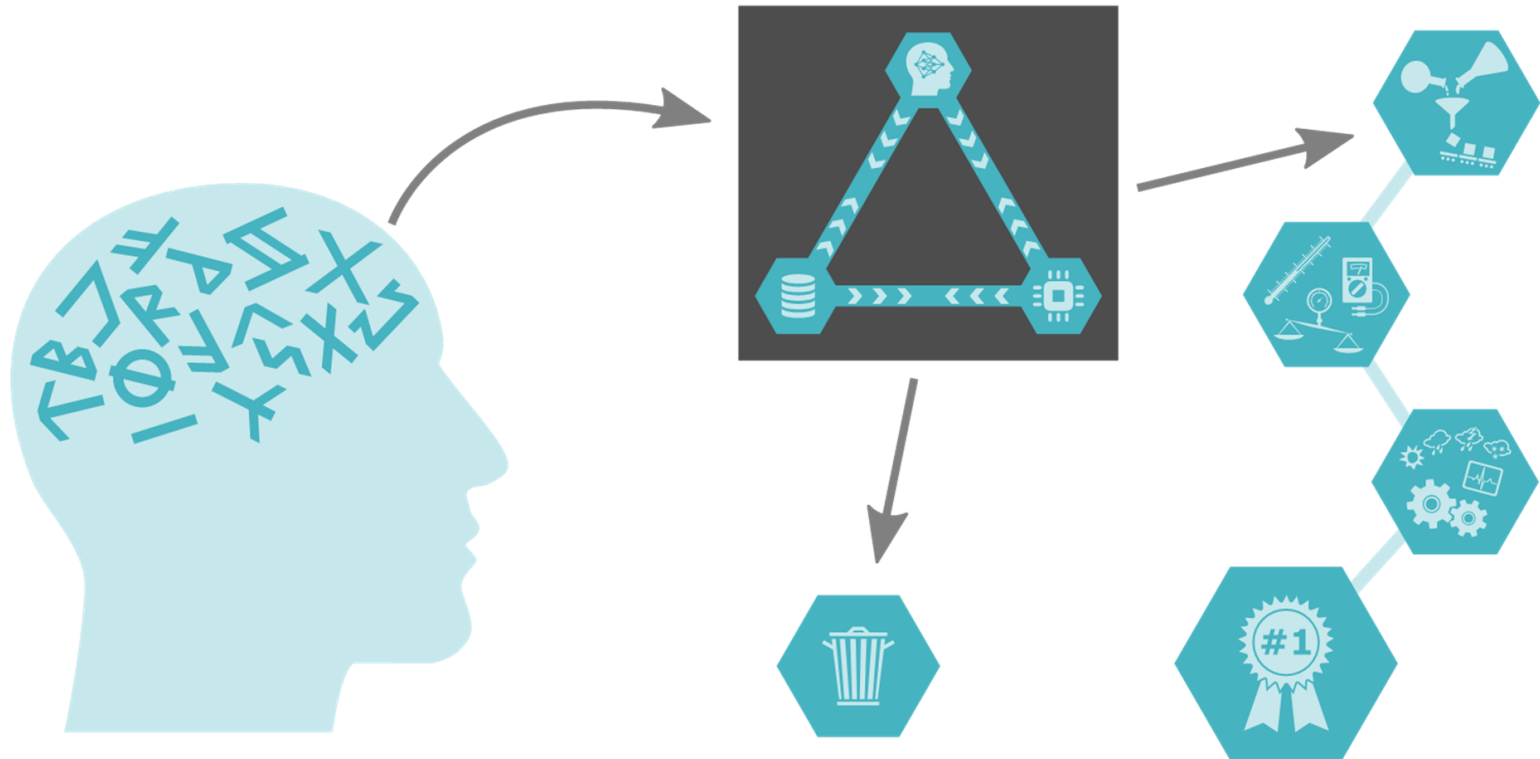

- Currently involved in the EU project [NICKEFFECT](#)
 - New Ni-based coatings to replace Pt-group metals in various applications.

Our expertise

We use simulations at the quantum scale, artificial intelligence, and databases to accelerate the Research, Development and Innovation of materials, compounds and processes for our customers.
