Horizon Europe Cluster 1: Health Brokerage Event

Project Idea / Field of Expertise :

Machine Learning / AI / Exploratory Data Analysis

Organisation Name:

AMI Team Tech

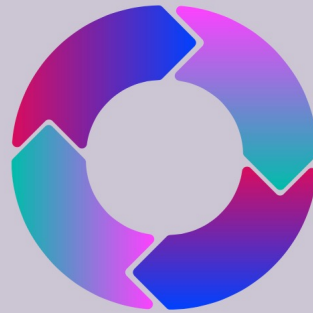

Addressed Topic(s) & Call(s):

Unlocking the full potential of new tools, technologies and digital solutions for a healthy society

Maintaining an innovative, sustainable and globally competitive health industry

- SME from Vilnius, Lithuania
- Machine Learning, Exploratory Data Analysis

Complete Development Cycle of Machine Learning Models

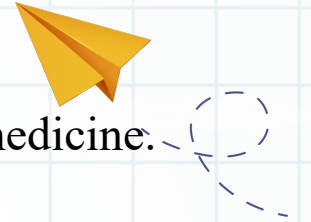

Exploratory Data Analysis

Standalone Data Analytics Software

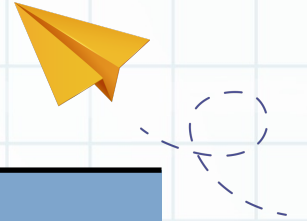

Our project idea / expertise

- Our area of focus is the development and application of **Machine Learning** models in healthcare & biomedicine.
- AMI team tech's expertise lies in working with unconventional data analysis methods, particularly in situations where conventional approaches fall short. This is particularly relevant in the industries we specialize in, where data can often be sparse, unorganized, or not fully available.
- Our team is capable of executing a complete development cycle of **Machine Learning** models, from conceptualization to deployment
- **Looking to join a consortium...**
- **...that is interested in aligning AI technologies with work environments in the project/pilots**
