SatADSL - neXat

- SatADSL- neXat is an innovative satellite connectivity provider. We are a game changer in the satcom industry!
- Disruptive flagship neXat platform, the world's first satellite aggregation system, acts as a capacity broker connecting teleports with new customers and markets.
- Company founded in 2011 based in Brussels, Belgium
- Active in 50 countries and already connected to more than 25 teleports and 40 satellites,
- neXat PaaS offering is a virtual OSS/BSS with competitive resilience, security and quality features.
- neXat allows teleport and hub operators to offer the full range of neXat's value added services to their own clients and provides classical and packaged connectivity services through its network of ISPs or directly to end users.

Our expertise: SatCom for Agricultural/ Water Management applications in Rural Areas

- Satellite broadband/data communications in rural areas for:
 - IoT for in-situ data collection and actuators command
 - WiFi/4G-5G broadband Internet access
