Topics of interest

HORIZON-HLTH-2024-STAYHLTH-01-02-two-stage: Towards a holistic support to children and adolescents' health and care provisions in an increasingly digital society

Problem: Many children do not thrive in increasingly digital society

Aim: Promoting physical, mental and social well-being of adolescents

Theory: Biopsychosocial health care and systemic approaches.

Method: Co-creation and enaction research; PA, sports, games and play

Expected outcome: Cross-sectorial interventions and programs.

HORIZON-HLTH-2024-CARE-04-04-two-stage: Access to health and care services for people in vulnerable situations

Problem: (Non-)participation in health care programs and higher incidence of e.g., non-communicable disease among refugee groups

Aim: Promote access to and participation in health promoting activities

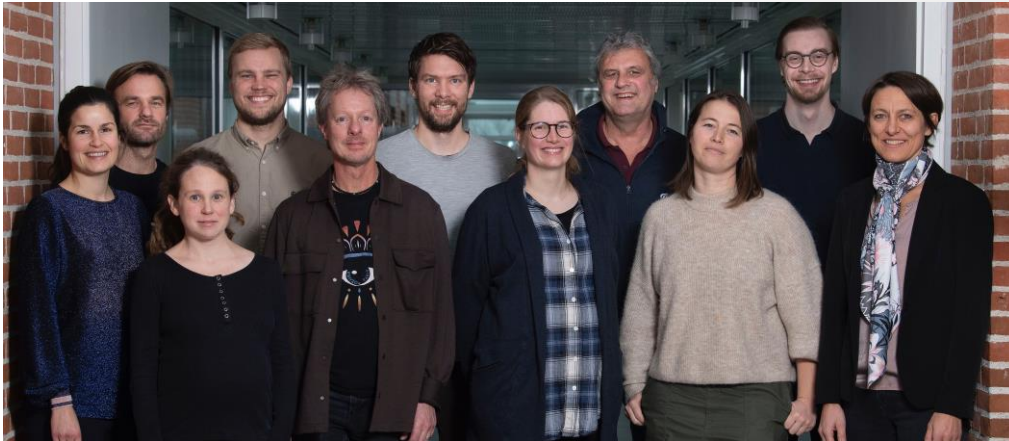

Theory: Vulnerability and empowerment (individual and community)

Method: Community-based participatory action research (CBPAR) in collaboration with public institutions and civil organisations

Perspectives: Research with societal outreach
