

What is the **ReStartSMEs** initiative?

ReStartSME is the initiative promoted by the European Commission to **respond to the COVID-19 pandemic and thus economic downturn**. The project aims to **build resilience of manufacturing SMEs** in automotive, machinery & equipment, food and textile by analyzing their digitalization needs and offering concrete tools to **adopt modern technologies** such as AI, robotics, cybersecurity & IoT.

GOAL

The project goal is to **match** the technology providers, traditional manufacturers and supportive organisations to build meaningful connections and together transition to Industry 5.0.

What does ReStartSMEs offer to the ecosystem?

- Assessment of digital transformation readiness
- Customised, tailor-made digitalisation plan for SMEs in transition
- UpSkilling and ReSkilling Workforce
- Matchmaking between traditional SMEs and their digital transformation providers
- Access to new clients/markets for technology providers
- Thriving community of like-minded entrepreneurs and supportive partners

ReStartSMEs journey for traditional SMEs

- Assessment of digital transformation readiness
- Joining the online community
- Customised technology adoption roadmap
- Matching with technology providers during hackathons
- Workforce training and upskilling
- Business Coaching

NEXT STEPS
