

BIONetZero

## Online workshop:

# Scale your SME or Startup with €60,000 via BIONetZero!

Date: 9th April 2026

Time: 13:00 – 14:15 CET, online

### About this workshop

**Are you a SME or ambitious startup developing bio-based solutions and looking for resources to scale your innovation?** Join our online workshop to explore **BIONetZero** – a European initiative providing direct funding and expert support to accelerate your journey from lab to market.

This session focuses on the **newly launched Open Call**, where you can **apply for up to €60,000 in grants**. We will guide you through the application process, eligibility criteria, and premium services for you including investor matchmaking, mentoring, and international market entry support designed specifically for your growth.

### Who Should Attend?

- **Innovative SMEs & Startups** developing bio-based products, materials, or services (TRL 4–8).
- **Agrifood & Energy-intensive companies seeking to reduce GHG emissions** and dependence on critical inputs.
- **Green Tech Developers** in biomanufacturing, biorefining, waste valorisation, and bio-based chemicals.
- **Producers of Bio-solutions** like alternative proteins, bio-fertilisers, biopesticides, or biodegradable plastics.
- **Tech Providers** using AI, digital twinning, or advanced sensors to **optimise bio-processes**.
- **Forward-thinking Industrial Users** aiming to transform their production into a circular, net-zero model.

### What You'll Gain

- **Access Direct Funding** – Get details on the 4 grant types (up to €60,000) to fuel your testing, validation, and market entry.
- **Boost Your Growth** – Leverage expert Key Account Management, investor matchmaking, and mentoring to scale your business.
- **Navigate the Open Call** – Receive practical, step-by-step guidance on how to submit a winning application for the current call.
